- ▶ Available in 2 lengths

- ▶ Without cable connection
- ▶ Ultra light-weight
- ▶ Easy and effort-saving operable
- ▶ Two batteries, quick charger
- ▶ Roll extension approx. 710 mm possible

The X-Floc wall scrubbers allow for quick and easy removal and smoothing of overhanging, easy removal and smoothing of overhanging, loose insulation layers were placed in damp spray method in stand works and compartments. Whether new constructions or renovation of old buildings. The exact plan brushing the excess insulating material allows precise closure of the compartments with the desired planking.

Wall Scrubber M05

Our classic, the wall scrubber M05, is in the two widths available – 690 mm and 1000 mm. The model of M05 w=690 mm can also be extended to 990 mm width by using the optional extension set (prod. no. 2438).

If the friction lining is worn off by intensive use of the wall scrubber, it can be renewed relatively easily by yourself.

Image	Designation	Broad brush	Gear	Prod. no.
	Wall scrubber M05 with 4m cable	690 mm	230V	2364
	ExtensionsSet	+ 150mm on both side	230V	2438
	Wall scrubber M05 with 4m cable	1000 mm	230V	4246

Battery Wall Scrubber

The lightweight battery wall scrubber is particularly suitable for the work hard to reach areas or in constrained posture (e.g. when working overhead). This wall scrubber is driven by cordless angle drill machine. Almost uninterrupted work is possible by the included additional battery and the quick charge function.

For wider compartments the battery wall scrubber can be extended with the included roll extension to approximately 710 mm.

If the friction lining is worn off by intensive use of the wall scrubber, it can be renewed relatively easily by yourself.

Image	Designation	Broad brush	Gear	Prod. no.
	Battery wall scrubber	400 mm	12V=	3803
